Retford Model Flying Club

Constitution, Field / Safety Rules And Charity Guidelines

(Adapted from the BMFA template Rules & Constitution)

Please Remember

It is a privilege not a right to be a member of RMFC, if you break the rules you may endanger other people as well as yourself or endanger the future of our flying site. Please look after the site, it's an asset that not many clubs have.

INTRODUCTION

Following our club talk by Manny Williamson in November 2010, we asked Manny for an example constitution from the BMFA. We have in this document the BMFA example constitution with relevant information for Retford Model Flying Club. This document was fully discussed at the 2010 AGM held in January 2011 and the relevant amendments have been made following that meeting.

BMFA Introduction

How a BMFA affiliated club conducts itself is entirely the responsibility of the club and the BMFA has no standing right or remit to interfere with the club. However, the BMFA as the National Governing body for the sport of Model Flying has a duty to provide advice should a club request it.

This document is made available to clubs for their consideration only and it is provided to serve as a template to be modified as the club wishes. It is designed to be as comprehensive as possible to cover all points that may be pertinent to a club and it is not anticipated that all BMFA affiliated clubs will adopt it completely.

Sadly, problems arise with regular monotony within clubs and the importance of a comprehensive constitution and rules cannot be over-stressed as these will set the ground-rules in any dispute.

Therefore, it is recommended that clubs consider all points carefully before deciding to exclude them.

A comprehensive constitution and a set of rules ensures that a club has well defined procedures and standards which enables the club to conduct its business lawfully and with due consideration for its members. In turn, the members know what is required of them and what their role is within the club. A good constitution should form the cornerstone of the club's conduct.

We welcome any comments that you may have on this document so that other clubs can benefit from your knowledge and experience. Should you have any questions or comments please contact either:

GUIDE ON CARING FOR JUNIOR MEMBERS

This guide is not definitive and clubs should be aware it may have to be tailored to meet the club's requirements and possibly the individual needs of junior members. It does, however, provide a starting point for the formulation of club policy and identification of responsibilities. **It should be noted that any disclaimer concerning the care of any member, particularly junior members, is not acceptable in law.**

Responsibility for junior members is shared between the parents/guardians and the club members and should be well publicised to ensure that all are aware of the division of responsibilities. The ideal medium is club rules but for these to be effective it is imperative that a copy of the rules is given to parents/guardians in addition to members and their attention is drawn to them

1) A Junior Member is defined as being under 18 years of age

2) A responsible adult is defined as a parent/guardian who has the experience commensurate with the type and degree of supervision required.

3) Junior members must be supervised at all times by a responsible adult. The level of supervision is to be commensurate with the junior member's age, maturity, capabilities and levels of experience.

4) Junior members under the age of 14 years shall not start an engine or carry a model with the engine running unless they are supervised by a responsible adult.

5) No junior member under the age of 14 years shall fly a model aircraft unless supervised by a responsible adult **or** the junior member holds the minimum of a BMFA Achievement Scheme “A” certificate **and** has been authorised to do so by the Club Committee.

6) No senior member is to be expected to assume responsibility for a junior member.

7) Notwithstanding the requirements of Paragraph 6,

a) members should not supervise junior without a parent or guardian member being present.

8) Whilst supervising junior members, senior members should be aware of the requirements of The Children Act (1989) and avoid placing themselves in a position that could be open to misinterpretation or question. A leaflet giving advice is available from the BMFA Leicester Office or from the Club Secretary

“Note to parents and guardians:

This Club does not undertake to supervise junior members other than for the actual act of model aircraft flying and associated pre-flight and post-flight procedures. The Parent or Guardian to be in attendance at all times.

New members require to the support of committee members when applying for full membership, please list committee members met on the field.
